

Informative letter

I international scientifically-practical conference: “Cosmic philosophy-Cosmic Law-Cosmic activity: a trinity of a human cosmic breakthrough”

Date of the event: 23-24th may 2020

Digital venue: Digital platform RKO.NBICS.NET

Without purpose there is no essence, without essence there is no action, without action there is no result.

The purpose defines both philosophy and ideology. The essence, reflecting purpose, is manifested through legal basis of action. The action, based on the essence of the legal basis, leads to the result – achievement of purpose.

A trinity of cosmic philosophy, law and action is beyond doubt.

Cosmic knowledge is accumulated slowly. On one hand, the hail from myth and religion, ancient tales and philosophy, which are surprisingly often corroborated. On the other hand – from spiritual practice and empiric cosmic exploration. His whole life long, a man gets to know the laws of cosmic nature, being born in the cosmic course of a body of Earth. He is fated to inhabit the infinite Cosmos. The conquest of the Cosmos goes both ways, spiritual and material.

Spiritual way is the philosophical, religious and mystical quest. Material way is scientific research, construction and operation of specific techno-engineering projects.

Both ways gradually reveal the mysteries of Being and Purpose for humanity in the Universe. Before the next leap in cosmic exploration, humanity must create a firm legal basis for it's cosmic history.

The pre-history of the Cosmic Age, with cosmic activity bereft of a united legal basis for the entire humanity, is over. Without awareness of the trinity of comic philosophy, law, and activity, further cosmic exploration is a sand castle.

The I international scientifically-practical conference: “Cosmic philosophy-Cosmic Law-Cosmic activity: a trinity of a human cosmic breakthrough” intends to demonstrate the unbreakable unity of these categories, and create a basis for a united logic and development of the trinity.

Students, postgraduates, applicants, doctoral students, and researchers are invited to participate in the conference.

The conference will take place online on 23-24th of may via the digital platform of the Russian Cosmic Society rko.nbics.net

Find the operation instructions attached.

We plan to hold a plenary session and work in sections.

Schedule of speeches:

20 minutes in plenary session; 15 minutes in breakout sections

Program for 23.05.2020

10: 00-13: 00 Plenary session

13: 00-14: 00 Lunch break

14: 00-18: 00 Work of the sections

Cosmic philosophy: past-present-future.

Head of the section – Vladimir V. Makarov, Deputy Chairman of the RCO Philosophical Council, Ph.D.

Program for 24.05.2020

10: 00-13: 00 Work of the sections (parallel in different webinar rooms)

- Space law is the basis for further successful space exploration.

Head of the section - Gennady Razhnov, head of the Practical Cosmonautics Section of the RKO, Ph.D.

- Practical cosmonautics, goals and objectives, state and prospects.

Head of the section - Denis Prudnik, Chairman of the RKO Youth Council, postgraduate student of MAI

13: 00-14: 00 Lunch break

14: 00-17: 00 continuation of the sections

17: 00 Discussion. Summary of the conference results

Webinar room of the Space Law section.

The detailed program of the conference will be published on the website of the Russian Cosmic Society, <https://cosmatica.org/> on may 18th, 2020

The conference materials will be published in the form of a digital collection of scientific articles on the RCS website <https://cosmatica.org/> and information resources of conference partners.

Best reports and/or articles will be published in the next issues of the RSCI network scientific publications: "Persistent development: science and practice", "Persistent innovative development: design and management" (scheduled for release 30.06.2020).

Для участия в конференции необходимо:

To participate in the conference, you must:

1. By May 15th 2020 submit the application in the prescribed form (Appendix 1) to the organizing committee via email: info@cosmatica.org, titled «Cosmic Conference»

2. By June 15th, 2020, submit the following to the organizing committee via email: info@cosmatica.org, titled “Russian Cosmic Conference”: the article up to 15 pages of printed text, including: information about the author/authors (full name, academic degree, title, position, employment), abstract (in Russian and English), revealing the problem statement, methods and results of the research; keywords (in Russian and English); font - Times New Roman, font size - 14; line spacing - 1.5; margins - 2 cm all sides; width alignment; red line - 1.0.

The organizing committee reserves the right to select articles for publication. Only articles relevant to the Conference are accepted.

Executive secretary of the conference: Anna Kozlova
Phone: +79052518186, email: kozlova@cosmatica.org
Head of technical support: Pavel Romanovich Antonov
Phone: + 79268239364, email: antonov@cosmatica.org
